

### **Memorandum of Cooperation**

The Civil Air Patrol and the University Aviation Association each offer various opportunities and resources for Aerospace Education and Youth Development to young people and the adults who work with them. While University Aviation Association offers great breadth in Youth Development materials, CAP offers great depth in Aerospace Education. We believe these opportunities and resources are complimentary. We believe that youth and adults who are interested in Aerospace Education would be better served if they had access to the opportunities and resources available from both the Civil Air Patrol and the University Aviation Association's program.

We agree that both agencies will cooperate in informing our clientele of the opportunities and resources available through the partnering organization. We will encourage youth and adult individuals who are interested in Aerospace Education to consider affiliating and using the resources and opportunities of both University Aviation Association and the Civil Air Patrol.

We will further support each other by providing in-kind promotional support and educational services as opportunities present themselves during the years 2003-2005. This Memorandum of Understanding is effective on the date the last party identified below has signed this agreement and expires no later than December 31, 2005. Due to the uncertainty of funds and human resources to support this partnership and cooperation, this agreement is not binding on either party and may be terminated without cause by either party at any time. The listing of specific support items is attached.

IN WITNESS WHEREOF, this Memorandum of Cooperation has been executed by the parties herein:

ALBERT A. ALLENBACK  
Executive Director  
Civil Air Patrol

8 Dec 03

Date

CAROLYN WILLIAMSON  
Executive Director  
University Aviation Association

Dec. 19, 2003
